MEMORANDUM FOR:

THROUGH:

SUBJECT:

Construction Activity In Chang Feng Park, Shanghai, China

REFERENCE:

Requirement No. NSA/SOC/R-139-69
NPIC Project No. 250410

1. In response to the referenced requirement, a search of all photography covering the Chang Feng Park, Shanghai, China, subsequent to [] was examined to verify new construction in the park and to determine the purpose of such construction. 25X1D

2. The park was located through the use of map sheet CIA 52352, 9-65 (West Sheet). The location conforms to the coordinates in the reference.

3. The search area was covered only on small-scale photography, the interpretability of which is rated good.

4. The study revealed an area of construction activity at the east edge of the park which is chronologically described below:

25X1D

On photography of [] there is no indication of construction activity.

25X1D

Photography of [] revealed that a large arched-roof structure had been constructed on the southeast edge of the park. Two buildings had been constructed immediately north of the large arched-roof structure.

25X1D

Photography of [] revealed that the arched-roof structure has been removed and a small U-shaped building is located at the same place. Two additional buildings had been constructed since []

SUBJECT: Construction Activity In Chang Feng Park, Shanghai, China

25X1D

There is no apparent change in this facility on photography of

The scale of the photography precludes a determination of the function of the activity; however, it is probably associated with the installation located along the east edge of the park, which appears institutional in nature.

No other construction activity can be identified in the immediate area of the Chang Feng Park during the referenced time interval.
